

Change Notice CN-NS-014

Project Northstar | Approved single-field change

CHANGE AUTHORITY

This notice overrides only the proposed pilot launch date in the Project Brief. All other fields remain unchanged.

Field	Value
Change ID	CN-NS-014
Project	Project Northstar
Approved	27 August 2026
Approver	Lena Ortiz, Programme Sponsor
Effective immediately	Yes

Approved field change

Field	Original value	Approved value
Proposed pilot launch date	15 September 2026	29 September 2026

Reason: The revised date provides contingency after the penetration retest and more time to close release-gate items. The status of those gates does not change.

Explicitly unchanged

- Pilot scope, business groups, budget and forecast values
- Release-gate thresholds and current readiness evidence
- Named owners, missing owners and due dates
- Risk status and working recommendation

APPLICATION INSTRUCTION

Locate every occurrence of the old launch date. Replace only that value where the new approved date is relevant. Do not rewrite surrounding content or infer additional changes.

Approval record: Lena Ortiz - Approved; Hanna Reed - Recorded; Elena Novak - Notified.
